

'CHIVA YOUTH COMMITTEE UPDATE 2019'

: Living with HIV - The CHIVA Youth
Committee (CYC) of Young People.

**What have we been up to
since last Conference?**

THIS YEAR HAS BEEN VERY BUSY....

In case you don't know....What is the CYC?

- We are 12 young people aged from 12 to 18 from across the UK and Ireland, all living with HIV. We hold our positions on the youth committee for 2 years and there is a chairperson and deputy chairperson.
- In September 2018 we were invited to meet our funders, the BBC Children in Need Trustees, to talk about the youth committee. Some former youth committee members joined us and a famous face...

Lots of exciting things have happened since this meeting in September and we are hoping for more media appearances on TV and Radio soon.

Also in 2018 some of us were also very lucky to attend the International HIV Conference in Amsterdam.

We had won scholarships and we were invited to deliver workshops at the Youth Pre-conference, as well as attend a Roundtable discussion with His Royal Highness Prince Harry. We also met Princess Mabel!

WOMEN AND HIV CONFERENCE, SEATTLE

WORKING WITH OTHER ORGANISATIONS

We have been fortunate to work in partnership with the following organisations:

- The Children's Commissioner's Office (World AIDS Day Blog)
- Brook – Relationship and Sexual Health Education
- The NHS Youth Forum - Amy will tell you a bit about this work.
- Thank you for listening.
